BOXING FANS ARE EVENLY SPLIT ON FAVORITE IN MONDAY BATTLE

Dennis and Fleming Give Evidence of Being Ready To Go 16 Fast and Furious Rounds.

Boxing fans who attend the show scheduled for Labor day afternoon at the Moline ball park will be treated to an exhibition of ability displayed by both principals in their training stunts at Duns' gymnasium means anything.

Both Dennis and Fleming engaged in grueling workouts yesterday afternoon before a large assemblage and were scheduled to repeat this afternoon. The fans are about equally divided in their selections of a favorite, Fleming because of his recent knockout of Clontie Tait, which brought him the championship of Canada, may before the time to enter the ring have a slightly larger following behind him.

Champions don't make any difference to Young Dennis. He probably would just as soon tackle Benny Leonard. He rates Fleming higher than Callahan, whom he was first matched to battle, but who ran out of the bout, and figures that a victory will put him much higher in the pugilistic firmament.

Dennis has a large following among the Italians of Milwaukee, his home city. A large number of them plan to make the trip here in automobiles to see their favorite in action.

Advance sales of tickets is exceeding the expectations of the promoters. It is now evident that the largest crowd in the history of the sport in the tri-cities will back into the baseball lot to enjoy the holiday afternoon. Special arrangements in the seating are planned to afford everyone an opportunity to view the action with every advantage.

A special party of chiropractors in attendance at the convention in Davenport have reserved seats. They are foregoing an early start of their homes in other cities in order to see the lightweights put in their mixing party.

HIS MA FELT ASHAMED THAT HER SON COULDN'T GO TO THE COUNTRY WHERE BRAGGANT FORGET-ME-NOTS GROW.

A constellation of shooting stars! The 30th grand American handicap held on the grounds of the South Shore Country club in Chicago, Aug. 11-15, 1919, is an event of the past, leaving a trail of shooting champions and a page of trapshooting history. Never was such shooting enthusiasm evinced or such galleries in attendance. The spirit of patriotism was injected into the system of every contestant and spectator. Two hundred and fifty thousand shots were fired during the week. When the accuracy of the contestants was noted, endorsed by the statement of General Pershing, claiming that "shooting accuracy is 70 per cent soldier efficiency," to thinking people reasoning from cause to effect, trapshooting as a sport, should be encouraged and substantially endorsed by the general public of America, as is now done by our "Canuck" neighbors, across the boundary, where cities are building shooting lodges in public parks, encouraging a sport patriotic by very liberal municipal appropriations. The grand American handicap is the premier shooting event of the world. A shoot for shooters. Where all local and state "crackerjack shots" are many, yet all are distinctive to those varied in the art. When a line of sport attracts 846 entries, actual contestants, (not chair warmers) hailing from every state in the union, Canada and foreign countries, this entry is general endorsement of America's major sport, trapshooting. The roster of 1919-1920 champions include a number of high class men and women.
